

PIKT-O-NORM Self-adhesive floor marking tape Red/White

3M™ Ultra Durable Floor Marking Tape 971 is comprised of a Polylactic Acid (PLA) backing with a rubber adhesive. The tough, thick PLA backing resists pallet drag and high forklift traffic. This tape is designed for long-term floor marking, yet can still come up clean, in one piece, after several years on the floor.

Details

- Excellent abrasion resistance
- Withstands lifting from forklift traffic
- Bright colours for high visibility
- Resists moisture and many chemicals
- Polylactic Acid (PLA) backing with a rubber adhesive designed for heavy traffic areas
- Sticks on contact and stays where you put it
- Promotes clean removal without solvents and scraping

Application

Suggested Applications

- Floor marking in high traffic areas (pallets and heavy equipment)
- Lane and safety marking
- Marking of equipment pitch points or gears for warning purposes
- For taping, wrapping or sealing many curved or convex surfaces
