

## BRADY Lockout padlock nylon with long body and steel shackle

Brady Safety Padlocks are the ultimate locks for all of your safety needs! Unique cylinder is insulated to protect workers from shocks when key is inserted and is 6-pin precision-machined for more unique key cuts and better tamper resistance. Reserved, paracentric keyway provides optimal security and the special design prohibits the key from being released until the padlock shackle is closed. Locks are compact and lightweight and resist impact, temperature, chemicals and corrosion. Their non-conductive, non-sparking body features a ribbed design for easier gripping and handling. 1 key supplied with each lock. Key retaining [Key won't release until the padlock shackle is securely closed]. Custom keying and charting is available.

Key retaining [Key won't release until padlock shackle is closed].
