

SHOWA Cut protection glove S-TEX 541

Palm polyurethane coating over Hagane Coil® liner (stainless steel/Polyester).

Product features

- High performance engineered patented yarns
- Engineered Hagane Coil® fibre
- Open back design
- Anatomical hand shape design
- Seamless knit

Benefits

- Better advanced cut protection performance
- High Cut Resistance performance
- Lightweight palm coating ensures maximum dexterity, grip and flexibility
- PU coating provides high abrasion resistance and excellent grip
- Open back design with breathable palm keeps the hand comfortable and dry
- An ergonomically designed hand mould replicates the natural curvature of the human hand and thus reduces hand fatigue
- Seamless knitting gives no irritation

Characteristics

Series: S-TEX

Type: 541

Colour: Black / Grey

Application

Application area

- Heavy equipment handling, mechanical engineering, mechanical and engineering, glass & window fixing, glass & window handling, heating, ventilation, internal fixing, screw & nail setting, steel erecting, steel fixing, intricate parts handling, bottling, canning.

Technical Information

- Length 220 - 270 mm Colour: Black with grey coating Material: Polyester, seamless embroidery fabric, stainless steel Coating: Polyurethane

Standards

- ISO 13397 cut resistance level 3: 18.7 newtons EN 388 cut resistance level 3 ANSI Cut resistance level 4
