

TESA Packaging adhesive tape 4024

Universal carton sealing tape

Characteristics

Series: Tesapack® 4024

Material: PP film

Application

- Packaging and closing. Sealing of light and medium-range weight cartons. The solvent-free sealing tape is especially known for its particularly high adhesive strength, which allows packages to be sealed securely immediately after application. Furthermore, the carton sealing tape can be handled easily by all tesa® manual dispensers, allowing it to be unrolled with very little noise. Due to its high level of resistance to UV light, ageing and temperatures, the adhesive tape offers an extended service life.

Execution

- Universal carton sealing tape that comprises a substrate of PP film coated with a special adhesive mass of acrylate (HiTack).
