

KNIPEX Nickel-plated pliers wrench type 86 05

Design: DIN ISO 5743. Made of chromium-vanadium electric steel, hardened and tempered in oil. Nickel-plated head, parallel guided, smooth gripping jaws, set using the button, can be adjusted using one hand. Work using the ratchet principle with extremely high clamping force, 10 times stronger than hand force.

Application: Ideally suited to gripping, holding, pressing and bending items, also suitable for the gentle assembly of fine-surface fittings thanks to the play-free surface pressing, also suitable for breaking tiles.
