

WERA ESD electronics hex head screwdriver type 6377

Design: With round, chromed blade made of high-alloy special steel and Black Point tip for more torque and fit. Has 2 component Kraftform Micro handle with integrated soft areas, roll-off protection and rotating cap for lightning quick swirl. With three-zone concept (precision, strength and rapid turning mode) for ergonomically better handling.

Application: Suitable for accurate, efficient and time-saving screwing. Ideal for delicate adjustments, e.g. in electronics and usable wherever ESD screwdrivers are required.
