## STAHLWILLE Battery pole terminal puller type no. 11040N

## two-armed

, with a self-centring quick-action clamp and automatic feed, zinc plated; for extracting battery terminal clamps, smaller ball bearings, pulleys etc.; as force is applied through the spindle, the extractor hooks automatically apply increasing force to the part being extracted; particularly suited to car electrics, compressed air system repairs and similar applications due to the compact design and small hooks.

| Clamping spread | Clamping reach | Number of hooks | Article  |
|-----------------|----------------|-----------------|----------|
| mm              | mm             |                 |          |
| 70              | 65             | 2               | 23781293 |
| 100             | 80             | 2               | 23781294 |
