

## ALBRECHT Fine drilling aid FBH type 3450

Design: Small drilling jig with spring balancer.

Application: For Albrecht high-performance chuck take-up; 0.5 mm (Order no. 3435 0001), for fine boring in the tool and jig construction. Feed is manually performed by pulling the guide ring in order to process extremely small bores with utmost sensitivity. A spring balancer moves the chuck automatically back into the home position.
