

AMF Galvanized vertical clamp with square base no. 6803

Design: Vertical acting toggle clamp with open support arm and angular foot. Galvanised and passivated. The stainless steel rivets run in case-hardened bearing bushings except for size 1 due to lack of space. Bearing bushings are greased. Ergonomic, oil-resistant handle with large hand rest and soft component. Safety clamping piece with finger guard. Captive fastener for pressure screw at clamping arm end.

Application: For side mounting.

Supplied: Vertical acting toggle clamp, complete with tempered, galvanised pressure screw.

Note: Cross arm for 2-point tension see [Order No. 3946]. Size 2 also available in stainless steel upon request. alpha*: The opening angle can be extended by press fitting a stop pin.
