

LEINEN Precision parallel vice type 5004

Design: Heavy, solid design made of high-strength grey cast iron, the best clamping precision thanks to the long and precise dovetail guide. Concealed, dirt-proof and smooth-running acme thread spindle, interchangeable and reversible hardened steel jaws, integrated pipe clamping jaws, opens to rear and with large anvil surface for simple straightening work.

Application: Suitable for multiple uses thanks to its solid construction and especially precise guiding/clamping.

Jaw width mm	Clamping reach mm	Weight kg	Article
100	82	13	23140136
125	80	22	23140137
150	90	42	23140138
