

UNISPANN Rotary clamping plate, for clamping on work benches type 5083

Design: Vice, clamping bracket and screw mounting plate made from light metal alloy, hammertone finish and front-opening. The vice can be rotated 360° and turned 90° via the joint ball, and can be horizontally and vertically adjusted at every angle. The serration on the top of the ball-type mandrel allows for the interchangeable mounting of other devices. With screwed, interchangeable aluminium jaws.

Description	Article
Turning/rotating clamp for screwing on 46mm	23140220
Turning/rotating clamp for screwing on 80mm	23140221
