

KNIPEX Gray atramentized precision circlip pliers type 49 41

Design: DIN 5254, D-shape, curved. Precision design with opening restriction. Made of chromium-vanadium electric steel, forged, head grey atramentised, with inserted tips made of highest-grade, drawn spring steel wire with large contact surface, hence no twisting of the rings. With opening restriction for standardized installation in series production. Utmost precision thanks to screwed hinge with internal opening spring, therefore can be highly loaded with a service life that is 10 times longer than normal in continuous operation. Plastic-coated handles.

Application: For assembling internal safety rings.

Model	Chuckling range mm	Suitable for outside locking rings	Article
