

E-COLL Multi-purpose grease

Multi-purpose grease

- **Product description**

- with colloidal graphite -

Universal grease for lubricating rolling and friction bearings, even in mixed friction area, especially for all sliding speeds permissible for grease lubrication.

Reduces friction/wear even with high loads, protects lubricated parts from sea water.

- **Application areas**

Ideal for agricultural machinery, construction equipment, excavators, trucks, tractors, stone crushers, semi-trailers, etc.

Lifts, battery chargers, conveyor belts and water pumps.

- **Technical characteristics**

With long-life workpiece combinations, emergency operating features, lithium-emulsified. Temperature resistance -30°C to +130°C.

Drop point: +190 °C, resin-free. Consistency index according to DIN 51818: NLGI grade 2. Possible designation according to DIN 51502: KPK2K-30.
