

ANSELL Glove AlphaTec™ 58-430

58-430 medium duty level combines the market leading performance of ANSELL GRIP technology with the flexibility and dexterity of an unlined nitrile shell. This unique, patented design features a premium grade nitrile compound coating, for versatile chemical protection and long-lasting snag, puncture and abrasion resistance, along with a comfortable cotton-flocked liner.

The glove is ideal for intermittent exposure to lubricants and cleaning agents in industrial settings.

Characteristics

Series: AlphaTec®

Type: 58-430

Antistatic: Yes

Silicone-free: Yes

Length: 320 mm
