

EMMA High-top safety shoe, CLYDE (Ruffneck), protection level S3, fit D ESD Metal Free

The streetborn safety shoe.

If trainers are what you prefer to wear but you need a safer shoe for work, look no further than the RuffNeck. A no compromise metal free safety shoe that looks and feels like a classic sneaker. It gets its name from the highly supportive reinforced heel - the 'ruff neck'. This heel together with the shoe's reinforced, shock absorbing sole keeps ankles, shins and joints free from stress and injury. Choose a LoNeck or HiNeck, just make sure it's the Ruff Neck.
