

KCL Cold protection glove IceGrip 691

The cold protective glove IceGrip 691 glove provides excellent cold protection combined with enhanced dexterity and excellent fit. Due to its special palm coating the glove offers a firm grip even on wet objects. The extra long knitted wrist helps prevent cold from entering the glove. Breathable Thinsulate material improves comfort and cold protection, and other modern materials and fibres increase breathability while keeping moisture out of the glove. This glove is approved for food handling and processing according to EU 1935/2004.

Mechanical risks : EN388:2003 2121
Cold protection : EN511:2006 120
