

SKF Multi point automatic lubricator series TLMP

The MultiPoint Automatic Lubricator TLMP series is intended for reliable relubrication of multiple lubrication points. This automatic lubrication system is packaged as a complete kit, including the lubricator, required tubing and connectors. Designed to supply from one to eighteen lubrication points, the TLMP series features pluggable outlets and is easy to install and program via its keypad with LED display.

Advantages TLMP:

- Easy to install and program
- Complete kit
- Suitable for one to eighteen lubrication points
- Low-level and malfunction alarms; remote notification possible
- Machine steering by removing power
- Available in versions with different voltages

Application:

Developed for industrial applications, as well as agricultural and off-road vehicles
