

BAUER Waste container with hinged floor and cone-shaped walls, painted/galvanised

Folding floor container (conical container), RAL 2000

- **Stable steel construction**
With circumferential edge profile and adapters for pallet trucks and cranes. Clearance height 100 mm, can also be transported by pallet truck.
- **Conical containers - can be stacked inside one another**
Ideal for collecting, storing and filling with recyclable materials.
- **Easy to fill and empty**
Base flap can be unlatched by rope pull from the forklift seat. Base flap automatically closes when placed down, 90° opening. Protection against accidental slippage and opening of the base flap.
- **Surface**
Choice of finishes,
in RAL 2000 orange as standard
or hot-dip galvanised in line with EN ISO 1461.
Additional colours available free of charge. See colour chart for more details [please specify when placing your order].
- **Optional accessories**
Matching galvanised lid, opens in 2 parts as well as centring panels and rollers can be ordered separately.
