

THORMAS Glove Clean Touch

Nylon & pu top coated gloves are manufactured from the stretchy dust-free fabric knitted with 100% nylon filament yarns and coated with polyurethane on their finger tips, these gloves are well-ventilated and not slippery even though they are coated. Therefore, these gloves are especially good for a long time work and process, and very useful for assembling process of the light electronics, the precise work, the inspection of medicine and food products, the labs, farming, gardening and so on.

Mechanical risk : EN388:2003 1131

Characteristics
