

DEB STOKO Skin protection for universal application Stokoderm Advanced

All-in-1 skin protection against an extensive range of contaminants. Makes it easier to cleanse the skin after contact with heavy-duty contamination. Thanks to a combination of film building agent, natural wax, and a special emulsifier together with the emulsion base (oil-in-water) Stokoderm® Advanced is a universally usable protection cream. Additionally Stokoderm® Advanced makes it easier to cleanse the skin thus reducing stress placed on the skin.

Characteristics

Series: Stokoderm® Advanced

Application

- Protection against oil-based and water-based working materials. Stokoderm® Advanced is versatile and suitable for most workplaces. Heavy-duty contamination is easily washed off after use so that no strong cleansers are necessary.

Technical Information

- White, perfumed, silicone-free cream. Emulsion type: oil-in-water (O/W).

Operating Principle

- Wash and dry your hands. Then apply Stokoderm® Advanced and rub thoroughly into the hands, including between the fingers and on the fingernails. Stokoderm® Advanced should always be used before starting work, after washing hands and after longer breaks. Stokoderm® Advanced is not suitable for use underneath gloves.
