

WERA Crosshead screwdriver, Phillips, with striking cap type 6286

Design: Made of high-alloy special steel with solid hexagon blade and hexagon wrench for strengthening with open jawed or ring spanners.

Application: For the hard screwdriver bit, to loosen and remove screw clamps and use as a chisel for opening wall slots.

Blade with Black Point coating for more torque and fit. Ergonomic 3-component Kraftform Plus handle with integrated soft areas for better grip, roll-off protection and impact cap. From size PH 4 with Kraftform handle without soft areas.

Screwing system	Size	Blade length mm	Article
Phillips	1	80	23078982
Phillips	2	100	23078983
Phillips	3	150	23078984
Phillips	4	200	23078985
