

FORMAT Pointing chisel type 6852

Design: Made of chrome-vanadium air hardened steel. With tempered striking head, therefore bulge formation, beading and chipping are almost excluded. Blade and shaft hardened, tempered and lacquered.

Note: Re-sharpening without post-curing the cutter is possible repeatedly with simple wet sanding.

DIN 7255, forged, hardened, shaft and working ends lacquered.

Type	Length mm	Chisel width mm	Article
