

KNIPEX Compact side-cutting pliers X-CUT type 5294

Design: Made of chromium-vanadium high-performance steel, forged, hardened and tempered in oil. Blades inductively hardened (64 HRC). With high purchase, 40% reduced effort when compared with side-cutting pliers of the same length thanks to the improved leverage ratio with the offset pivot point. Double-mounted hinge axle for heavy-duty use over the long term. Handles with multi-component plastic covers.

Application: Ideal for universal use in assembly, maintenance works and production.
Polished head
