

ALTREX Caged/external wall ladder

- The Everest Hoop ladder is an aluminium access ladder with safety cage. Strong and low-maintenance. With the 30 mm deep anti-slip rungs and smooth-finished cage, you can climb comfortably and safely. Ideal for easily accessing the roof of a commercial building, house or flat. This hoop ladder is easy to install. It is completely assembled at the point of delivery [option]. The U-shaped wall supports come with pre-drilled holes. Enabling you to set the desired height. The unique, rounded tube profiles ensure that there are no obstacles on the inside of the cage. With the 30 mm deep anti-slip rungs and smooth-finished cage, you can climb comfortably and safely
- This hoop ladder is easy to install. It is completely assembled at the point of delivery (wall bracket not pre-assembled)
- All ladders have a rung free passage of 1.10 m
- Delivery incl. wall mounting set without mounting material
- Accessories available

If the cage/ladder is to be used as a flight route, specific laws and regulations are required. Please inform Altrex about this.
