

## NEDERMAN NEX HD suction arm

The Nederman NEX HD extraction arm is the top of the range arm when it comes to high airflows and extraction from processes with higher temperatures than normal. The arm is specially designed for working environments with very heavy smoke, vapours or non explosive dust. The applications can be welding, laser or hand plasma cutting, metal spraying, grinding where lots of spatter is generated, or other industrial processes where a perfectly balanced and easily positioned arm is required.

Dimensions NEX HD Extraction Arm

- Robust swivel, which allows the product to rotate 360°.
- Support mechanism of the arms is a capsulated which protects against dirt.
- Can be mounted in combination with different brackets, extension arms or on rail systems.
- Equipped with a damper in the hood as standard.
- The hose is easy to remove for cleaning.
- Minimized pressure drop and a low noise level.
