

## FENWAL Fire detector type 28000 fig. 3803

### Characteristics

**Series:** 28020

**Type:** 3803

**Model:** Fire detector

**Connection:** External thread (NPT)

**Size process connection:** 1/2" (15)

**Maximum contact load:** 5 A

**Electrical connection:** Lead wires

**Explosion-proof:** No

| Switching point | Insert length | Sensor diameter | Process connection material | Housing material | Sensor material | Switching function      | Article  |
|-----------------|---------------|-----------------|-----------------------------|------------------|-----------------|-------------------------|----------|
| °F              | mm            | mm              |                             |                  |                 |                         |          |
| 140             | 92.9          | 15.88           | Stainless steel             | Stainless steel  | Stainless steel | Break (normally closed) | 11174816 |
| 160             | 92.9          | 15.88           | Stainless steel             | Stainless steel  | Stainless steel | Make (normally open)    | 12243367 |
| 190             | 92.9          | 15.88           | Stainless steel             | Stainless steel  | Stainless steel | Break (normally closed) | 11290688 |
| 190             | 92.9          | 15.88           | Stainless steel             | Stainless steel  | Stainless steel | Make (normally open)    | 12215069 |
| 275             | 92.9          | 15.88           | Stainless steel             | Stainless steel  | Stainless steel | Break (normally closed) | 11179303 |
| 275             | 92.9          | 15.88           | Stainless steel             | Stainless steel  | Stainless steel | Make (normally open)    | 11013465 |
| 360             | 92.9          | 15.88           | Stainless steel             | Stainless steel  | Stainless steel | Break (normally closed) | 11115575 |
| 450             | 92.9          | 15.88           | Stainless steel             | Stainless steel  | Stainless steel | Break (normally closed) | 11179304 |
