

BESSEY Screw clamp with extra deep jaw

Design: Hollow profile rail made from structurally optimised, cold-drawn quality steel, 6-way serrated and zinc-plated. Fixed and mobile brackets made from high-quality, powder-coated cast iron, spindle with trapezoidal thread, burnished, with wooden handle and mobile-mounted, completely flat pressure plate.

Application: Especially for clamping forces up to 7 kN. Multi-purpose clamping tool for holding widely projecting items for processing or connecting to other parts.
