## SKF EasyPull hydraulic puller set series TMMA..H/SET

A set consisting of a hydraulically assisted SKF EasyPull together with a tri-section pulling plate, TMMS series, and a puller protection blanket facilitate an easy, safe and virtually damage-free dismounting. Especially suitable for dismounting spherical roller and CARB toroidal roller bearings, and other components such as pulleys and flywheels. A puller protection blanket, TMMX series, made of a strong transparent material allows the user to visually follow thedismounting procedure. While dismounting, the blanket helps to protect from flying fragments of bearings or other components, thereby enhancing user safety. A sturdy custom-made storage case with room for all parts minimises the risk of loosing or damaging the set's components

## **Characteristics**

Series: TMMA..H /SET

Description	Article
EasyPull hydraulic puller set 100kN TMMA 100H/SET	23770613
EasyPull hydraulic puller set 75kN TMMA 75H/SET	12176733
Empty Storage Case TMMA 8E-1	13378560
