

SKF Thrust washer Series: AS

- AS series thin universal washers are 1 mm thick
- are made of spring steel and hardened
- can be used as shaft or housing washers for needle roller thrust bearings in the AXK series
- can be used as shaft washers for bearings in the AXW series
- are available for $4 \leq d \leq 160$ mm

Can be used to provide a cost-effective bearing solution, if adjacent machine components are not hardened, but have adequate stiffness and the requirements to geometrical tolerances are moderate. Both faces of the washers are polished and can be used as raceways.
