

CRC Anti-spatter - Non-flammable anti-spatter

Non-flammable, solvent based anti spatter, for use on site.

Ensures an easy removal of spatter on metal surfaces and protects the area around the welding seam from spatter. CRC Anti Spatter also prevents the obstruction of the nozzle of automatic and semi-automatic welding equipment, thus ensuring a free gas flow and a free supply of welding material. Does not affect post welding operations. No silicones or flammable solvents. Anti-Spatter film is easily wiped away.
