

HAIMER 3D-Sensor New Generation with integrated short adapter

IP 67

Design: With integrated short adapter and an extended overrun. There is no further need for manual adjustment of the concentricity or recalibration.

Concentricity: 0.01 mm.

Accuracy: 0.01 mm.

Application: Simple workpiece measurement with little space in the engine room, in milling and EDM machines and workpiece zero point settings and length dimensions for any probing.
