

HAZET Torque wrench SYSTEM 5000-2 CLT type 6262

Certificaat

Design: Slim design. Large, curved display window (interchangeable) with three-digit, big figures for reading the torque value. Robust and resistant, hard chrome plated tubular steel construction, ergonomic handle with collar that reduces slipping-off and injury. Setting the desired torque value quickly and safely by turning the handle. Due to the integrated lever reversible ratchet function the controlled clockwise tightening is guaranteed. Tactile and acoustic trigger signals.

Delivery in Safe-Box including test certificate DIN EN ISO 6789.

Application: For controlled screw tightening in the corresponding torque range for all industrial manufacturing areas.

Connection size	Tightening moment Nm	Total length mm	Article
1/2	20 / 120	435	W90A-62620030
1/2	40 / 200	545	W90A-62620035
1/2	60 / 320	660	W90A-62620040
