

HAZET Tool trolley 177 type 6306

Design: Sturdy sheet steel construction, drawers with roller guide, middle and end catches as well as single lock against accidental opening while driving. The basic equipment includes a divider in each drawer. The side walls have square perforations, the attachments are protected from damage by indented side walls mounted inside the trolley dimensions. Centrally closed by means of a cylinder lock. Worktop made of solvent-resistant plastic, with 2 integrated storage compartments. With large, highly-duty ball bearing rollers (Ø 100 mm), 2 swivel castors, one sided with roll-spinning brake [total stop] for firm footing in all directions. All wheels are equipped with thread protection, which protects the bearings against dirt and threads. Edge protectors above and below on all four sides of the vehicle. Surface scratch resistant powder-coated, body in Hazet blue, drawers in black.

With 7 pull-out drawers on one side.
Supplied without tools and accessories!
