

JALAS Insole NEUTRALIZER 8711L Low Arch

Insole for low arches that makes your J alas shoes even more comfortable and safe. Double shock absorption zones in PORON®XRD® reduces the risk of injury and increase comfort. The insole is anatomically designed and approved for use in all JALAS®Safety shoes. It can also be included in a complete protection against ESD (when worn with ESD shoes / boots). Always try the insoles in the intended shoes. Size may vary. Before you start using the insoles, you must remove the insoles that were included in the shoes when you bought them.
