

CASTROL Spheerol Bearing Grease

Castrol Spheerol Bearing Grease is a lithium based general purpose extreme pressure grease, based on mineral oil and incorporating extreme pressure agents to protect bearing components subject to heavy and shock loadings.

Features and benefits:

- Excellent stability gives long service life.
- Wide operating temperature range of -20 °C to 120 °C.
- Good adhesion and water-wash resistance.
- High mechanical stability - the grease keeps its consistency in service ensuring long lubricant life.
