

PFERD Deburring disk aluminium/non-ferrous metals soft model hardness N

Achieves outstanding grinding results even at low contact pressure Suitable for use on angle grinders of all output categories

- Abrasive: Special aluminium oxide A
- Soft professional tool of hardness N [ALU], with exceptionally aggressive grinding performance. Operates without tool clogging, even on soft, lubricated materials.

Contains no fillers that might leave undesirable residues on the workpiece.

The ground surface can therefore be welded without further treatment.

- Soft and tough aluminium, non-ferrous metals - Surface grinding, work on weld seams, fillet weld grinding
