

FORMAT Heavy duty combination pliers, VDE, with multi-component handle type 5162

Design: DIN ISO 5746. Made of special grade, special tool steel, hardened and tempered in oil. Chrome-plated head, jaws with grip zones for flat and round materials. Extra long blades with additional inductive hardening (64 HRC). 40% reduced effort due to improved leverage ratio compared with normal universal pliers of the same length. Handles with multi-component plastic covers, insulated up to 1000 V, according to IEC 60900, DIN EN 60900, VDE 0682/Part 201.
