

KUKKO Puller, three-arms type 45

AUTOCENTR

Design: Three-armed. With heavy-duty, power-transmission, self-centring puller legs made of chrome alloy tool steel. Has automatic adjustment handle, freely rotating centring tip and tempered, specially coated pressure spindle with particularly good sliding properties. Powerful model.

Application: Especially for pulling very tight-sitting gears, sprockets, ball bearings, belt machines etc.

Automatic self-tensioning and centring puller legs.
