

FORMAT Screw clamp, wooden handle, no anti-slip type 5091

Design: Hollow profile rail made from statically optimised, cold-drawn quality steel, 6-way serrated and zinc-plated, fixed and mobile brackets made from high-quality, powder-coated cast iron, spindle with trapezoidal thread, burnished, with wooden handle, and mobile-mounted, completely flat pressure plate. The screw clamps to jaw width 400 mm, fitted with plastic protective caps on the pressure plate and on the upper part for gentle clamping.

Application: Multi-purpose clamping tool for holding items for processing or connecting to other parts.
