

KNIPEX Bent precision circlip pliers for internal rings type 5625

Design: DIN 5256, D-shape, curved. Made of chromium-vanadium electric steel, forged, head grey atraitmentised, with inserted tips made of highest-grade drawn spring steel wire with large contact surface, hence no twisting of the rings. Utmost precision thanks to screwed hinge, therefore can be highly loaded with 10 times longer service life in continuous operation. Plastic-coated handles.

Application: For assembling internal safety rings.
