

GOODALL Rubber Hose Inferno steam hose with on one side a three-part female thread- side and a second male thread coupling in steel

Rubber steam hose Inferno,for high pressure saturated steam to 232 ° C. With specially designed on both sides DuraCrimp steam couplings, pressed-on. This assembly provides a 100% leak-proof seal. And additional handle can also be fitted.

Benefits of the Inferno hose

- gas-tight inner wall which prevents popcorning
- Higher temperature resistance
- Double reinforcement plies for higher burst pressures.
- Specially processed steel wires and insert that are less susceptible to corrosion.
- Clear red spiral mark
- Conductive hose, can be used in all ATEX zones.

Benefits DuraCrimpcoupling system

- 100% secure and leak-free assembly
- Lighter than clamps
- No problems with loosening of bolts (as with clamps)
- Mounting is performed byEriks skilled people.

Benefits red handle

- Prevents kinking behind the coupling
- Ergonomic handle
- Better thermal insulation (protective clothing is always required)
- Color coding possible means of identification rings
- Ability to bring easy to a RFID chip.

Characteristics

Series: Inferno

Internal diameter	Wall thickness	Maximum operating pressure	Roll length	Article
mm	mm	bar	m	
25	7.5	18	20	12753847
