

## ANSELL Glove Hyflex 11-427

### Description

The smart combination of abrasion and cut resistance. Provides not only the protection needed in dry and slightly oily environments, but also educates workers to understand risk levels. Designed to make the selection of hand protection easy. The indicator system on these HyFlex gloves simplifies the selection of the right glove for the job for increased worker safety. The color indicator system on the glove ensures the wearer of always having the appropriate cut level performance.
