

3M Flexible Fit Earplug

The 3M™ E-A-R™ Flexible Fit HA Earplug has a patented earplug foam formulation which makes it fully washable and reusable. The soft foam tip and flexible fitting stem allows easy insertion into the ear using one or two hands. The foam tip conforms to the unique shape of the ear canal to help block out noise. The Flexible Fit Earplugs are especially well suited for activities that require gloves or cause dirty hands or situations when only one hand is free to fit the earplugs.

Firm, yet flexible stem for one or two hand insertion

Soft foam stem for secure grip

No roll down of soft foam tip helps keep ear tip clean

Good for workers with gloved or dirty hands

Good for workers with only one free hand available for inserting earplugs

Foam encapsulated construction

Single Number Rating [SNR] 35 dB [two-hand insertion] and 30 dB [one-hand insertion]

Compatible with the 3M™ E-A-Rfit™ Dual-Ear Validation System

Characteristics

Series: E-A-R™

Type: Flexible HA 328-1001
