

FORMAT Long lever ratchet lashing strap with two triangular carabiner hooks

Long handle ratchet lashing strap, two piece, with triangular snap hooks

- **Galvanised tension ratchet and manual lever safety**
Low wear and tear, permanently sturdy. The flat design allows for work in tight spaces.
Long tension lever (approx. 325 mm) and optimum transmission (20 ratchet teeth).

- **Professional quality**
Highly stretched polyester fibre, chafing and abrasion proof.

Band width 50 mm
with low elongation and traction strength
and galvanised hook.

- **Authorised traction**

Direct: 2500 daN.

Strapping: 5000 daN.

STF (Standard Tension Force): 600 daN.

Illustration shows the long handle ratchet lashing strap with RP hooks (example illustration). Please take the illustration of triangular snap hooks from the detailed diagram.
