

WERA VDE Phillipscross-head screw screwdriver no. 162I

A red and yellow WERA VDE Phillips screwdriver with a 3-component handle and a round, insulated blade. The handle has a hexagonal roll-off protection.

1000 V

Design: Made of high-alloy special steel with round, insulated blade. Handle and blade insulated to 1000 V, according to IEC 60900, DIN EN 60900, VDE 0682/Part 201. In addition, the screwdrivers have a head embossed with output symbol and size.

With Lasertip and micro rough surface. This reduces the contact force and prevents the screw head from sliding out. With 3-component Kraftform Plus handle, ergonomic, with integrated soft areas for better grip and hexagon roll-off protection.

Characteristics

VDE tested: Yes

Isolation protection 1000 V: 1

Screwing system	Size	Blade length mm	Article
