

KNIPEX Compact bolt cutter COBOLT with multi-component handle, spring opening and locking type 5664

Design:Made of chromium-vanadium electric steel, hardened and tempered in oil, atamentised head. Precision cutting edges that have been inductively tempered (64 HRC) with opening spring and locking mechanism.With increased cutting performance and minimum effort due to lever design. 60% reduced effort when compared to normal powerful side-cutting pliers of the same length thanks to the optimum transmission. Handles with multi-component plastic covers.

Application:For cutting piano wire and for soft or hard solid wire, as well as for bolts, nails, rivets and screws.
