

## KNIPEX Crimping pliers for non-insulated open connection plugs with 4 crimp zones type 5536

Design: Made of special grade, chromium-vanadium electric steel, hardened and tempered in oil. Burnished head. For optimum crimping results thanks to the precision profiles and unlockable locking mechanism, crimping pressure is precisely set at the factory, reduces hand force required by up 30 % due to optimum leverage transmission. Two-handed operation for the simple crimping of larger conductor cross-sections. Handles with plastic covers.

| Description                                                   | Article  |
