

ERSA Gas soldering set Independent 130 type 9156

Design: Ergonomic, anti-static gas soldering iron with immediate ignition of the flame by push button through the built-in piezo ignition and continuous power adjustment function. Operation is performed with commercial purified butane lighter gas.

Application: Ideal for service, installation, repair and maintenance applications, especially if the power supply is missing. Due to the large range of soldering tips for this device, a wide range of applications can be processed.

- Scope of delivery:
- 1 gas soldering iron
 - 2 soldering irons, chisel-shaped, 1.0 and 2.4 mm
 - 1 cleaning sponge
 - 1 sponge holder
 - 1 plastic case
