

WEARWELL Mat anti-fatigue Diamond Plate SpongeCote with sponge layer

Wearwell outperforms compared to off-brand Diamond-plate workstation mats in the market. The unique Nitricell™ sponge base delivers twice the resilience and three times the life expectancy of simple PVC sponge anti-fatigue mats. The bevel extends the sponge within 3 inches of the mat's surface for more standing area than other anti-fatigue mats. Designed for comfort and optimized worker productivity. These ergonomic floor mats are exceedingly popular among standing workers and have industrial strength for multiple shift operations. The Nitricell sponge base is a Nitrile composite for exceptional comfort, rebound, and long life. Ideal for high traffic areas in manufacturing and in high traffic fulfillment operations.
