

KOMET Saw machine blades, HSS-E type 2753

HSS-E
DMo5

Design: Komet SB-5 brand product made of high-strength HSS steel using the latest manufacturing methods, recognised for maximum tool life and versatile application. Komet VP-7 saw blade with additional variable tooth pitch and positive teeth.

Application: For quality cuts with top performance in long-chipping and tough materials such as stainless and acid-resistant steels. The tooth geometry reduces vibration during sawing. The variable tooth pitch extends the range of applications.

Characteristics

Type: Machine sawblade
